CREATU STRIKES MONSTRU

VICTIMISATION RESISTED

HORRORTON - In a spontaneous show of support for the AUTHORITY government, thousands of Patriots protested the CREATU attacks and celebrated the strength of the MONSTRU people.

"I am most proud of the resolve of Monstrunians everywhere," said Abe Lincolnstein. "They are an inspiration to us all, and their spirit proves that we have what it takes to defeat the cowards of CREATU."

MUZZ was flowing freely as the protesters stood upon their vehicles and waved signs of protest. "If I just knew where CREATU was," said an unnamed protester, "I'd go in there and attack them myself! This new MUZZ is less filling than the other leading beverages, too!"

Other spontaneous festivals are springing up in other...

CROWBOTS MYSTERIOUSLY EXPLODE

WORCH - In another sign of our trying times, a number of CrowBot officers have mysteriously exploded for no good reason, along Highway 99b, outside of Worch.

BOMBS BLAST OUR BEASTLANDIA

IMPRESSIVE SOLIDARITY OF ALL PATRIOTS

TROLLAN - Bombs strike a number of Northwestern cities this morning, in a coordinated effort by the evil nation of CREATU.

7000 vehicles off of Interstate M-80 were immediately vaporized in a shower of smoke, mustard gas, and iron darts. M-163 to Townsdown has been completely destroyed. Traffic is being diverted by Unpanic Crews and CrowBot Skytroopers.

While it is still unclear how many folk were killed in the incident, it surely demonstrates the weakness and the cowardly nature of the enemy. Patriots are urged to remain in their automobiles.

A counterstrike of magnificent force is currently underway.

COAL PRICES 14% CHEAPER!

Drivers celebrated increased production of coal today, resulting in a 14% reduction of the retail price. "I can afford to drive all day and all night!" said Torgott Liverspund of Gorth. "It's like LINCOLNSTEIN knew what I was hoping and dreaming about!" In other news, the price of raw goods increased by 63% today with worries of continued conflict with CREATU.

SKY PATROL ARRESTING SPEEDERS

The Sky Patrol is taking special interest in intercepting and stopping speeders along the MONSTRU highways system.

Various road-blocks are underway in random locations in order to slow down speeders and to investigate the contents of each vehicle. Please be patient, Patriots, as this work is to ensure your safe lifespan along our freeway infrastructure.

Complaints can be filed at your local Celebration Hall.
